AmaarLine Co.

Company Profile

ABOUT US

As Amaar Line Contracting Company . Based in Riyadh, one of the fastest growing city in the world, we specialize in providing comprehensive design and build solutions tailored to meet the unique needs of our clients. With a precise approach to every project, we bridge the gap between vision and reality by delivering innovative and creative designs that stand the test of time.

Our team excels in every phase of the architectural and construction process, ensuring seamless integration of creativity, functionality, and precision. Whether it's conceptualizing bold ideas or delivering flawless execution, we are committed to exceeding expectations and setting new benchmarks in the industry.

Our Mission

To transform lives by crafting inspiring, functional, and creative spaces that redefine the way people experience their surroundings. Through a meticulous approach to design and construction, we aim to be a beacon of innovation and excellence in the architectural and construction industry in Riyadh, enhancing communities and building a legacy of quality and beauty.

Our Vision

To become the leading design and build firm in Saudi Arabia, delivering iconic projects that seamlessly blend creativity, functionality, and sustainability, leaving a lasting impact on communities and the built environment. We aspire to shape the future of Riyadh with groundbreaking projects that in line with the Kingdom's vision.

Our goal

is to create designs that are not only visually stunning but also environmentally responsible. Cultural Sensitivity and Local Expertise With a deep understanding of Riyadh's rich cultural heritage and modern aspirations, we craft designs that honor tradition while embracing the future.

Our Services

Concept Generation

We bring your ideas to life with visionary concepts that lay the foundation for exceptional spaces. From brainstorming to ideation, we work closely with clients to translate aspirations into designs that inspire and resonate.

Technical Drawings

- Architectural Drawings: Detailed plans that bring clarity and precision to the construction process.
- Detail Drawings: Comprehensive and intricate drawings ensuring every aspect of the project is meticulously addressed.

BOQ and Specifications

Accurate cost estimation and detailed specifications ensure budget transparency and project efficiency, providing a clear roadmap for every phase of construction.

Fit-Out and Procurement

- We transform spaces with precision fit-out solutions, ensuring that every detail aligns with the design.
- Our procurement services focus on sourcing high-quality items, guaranteeing durability, aesthetics, and cost efficiency.

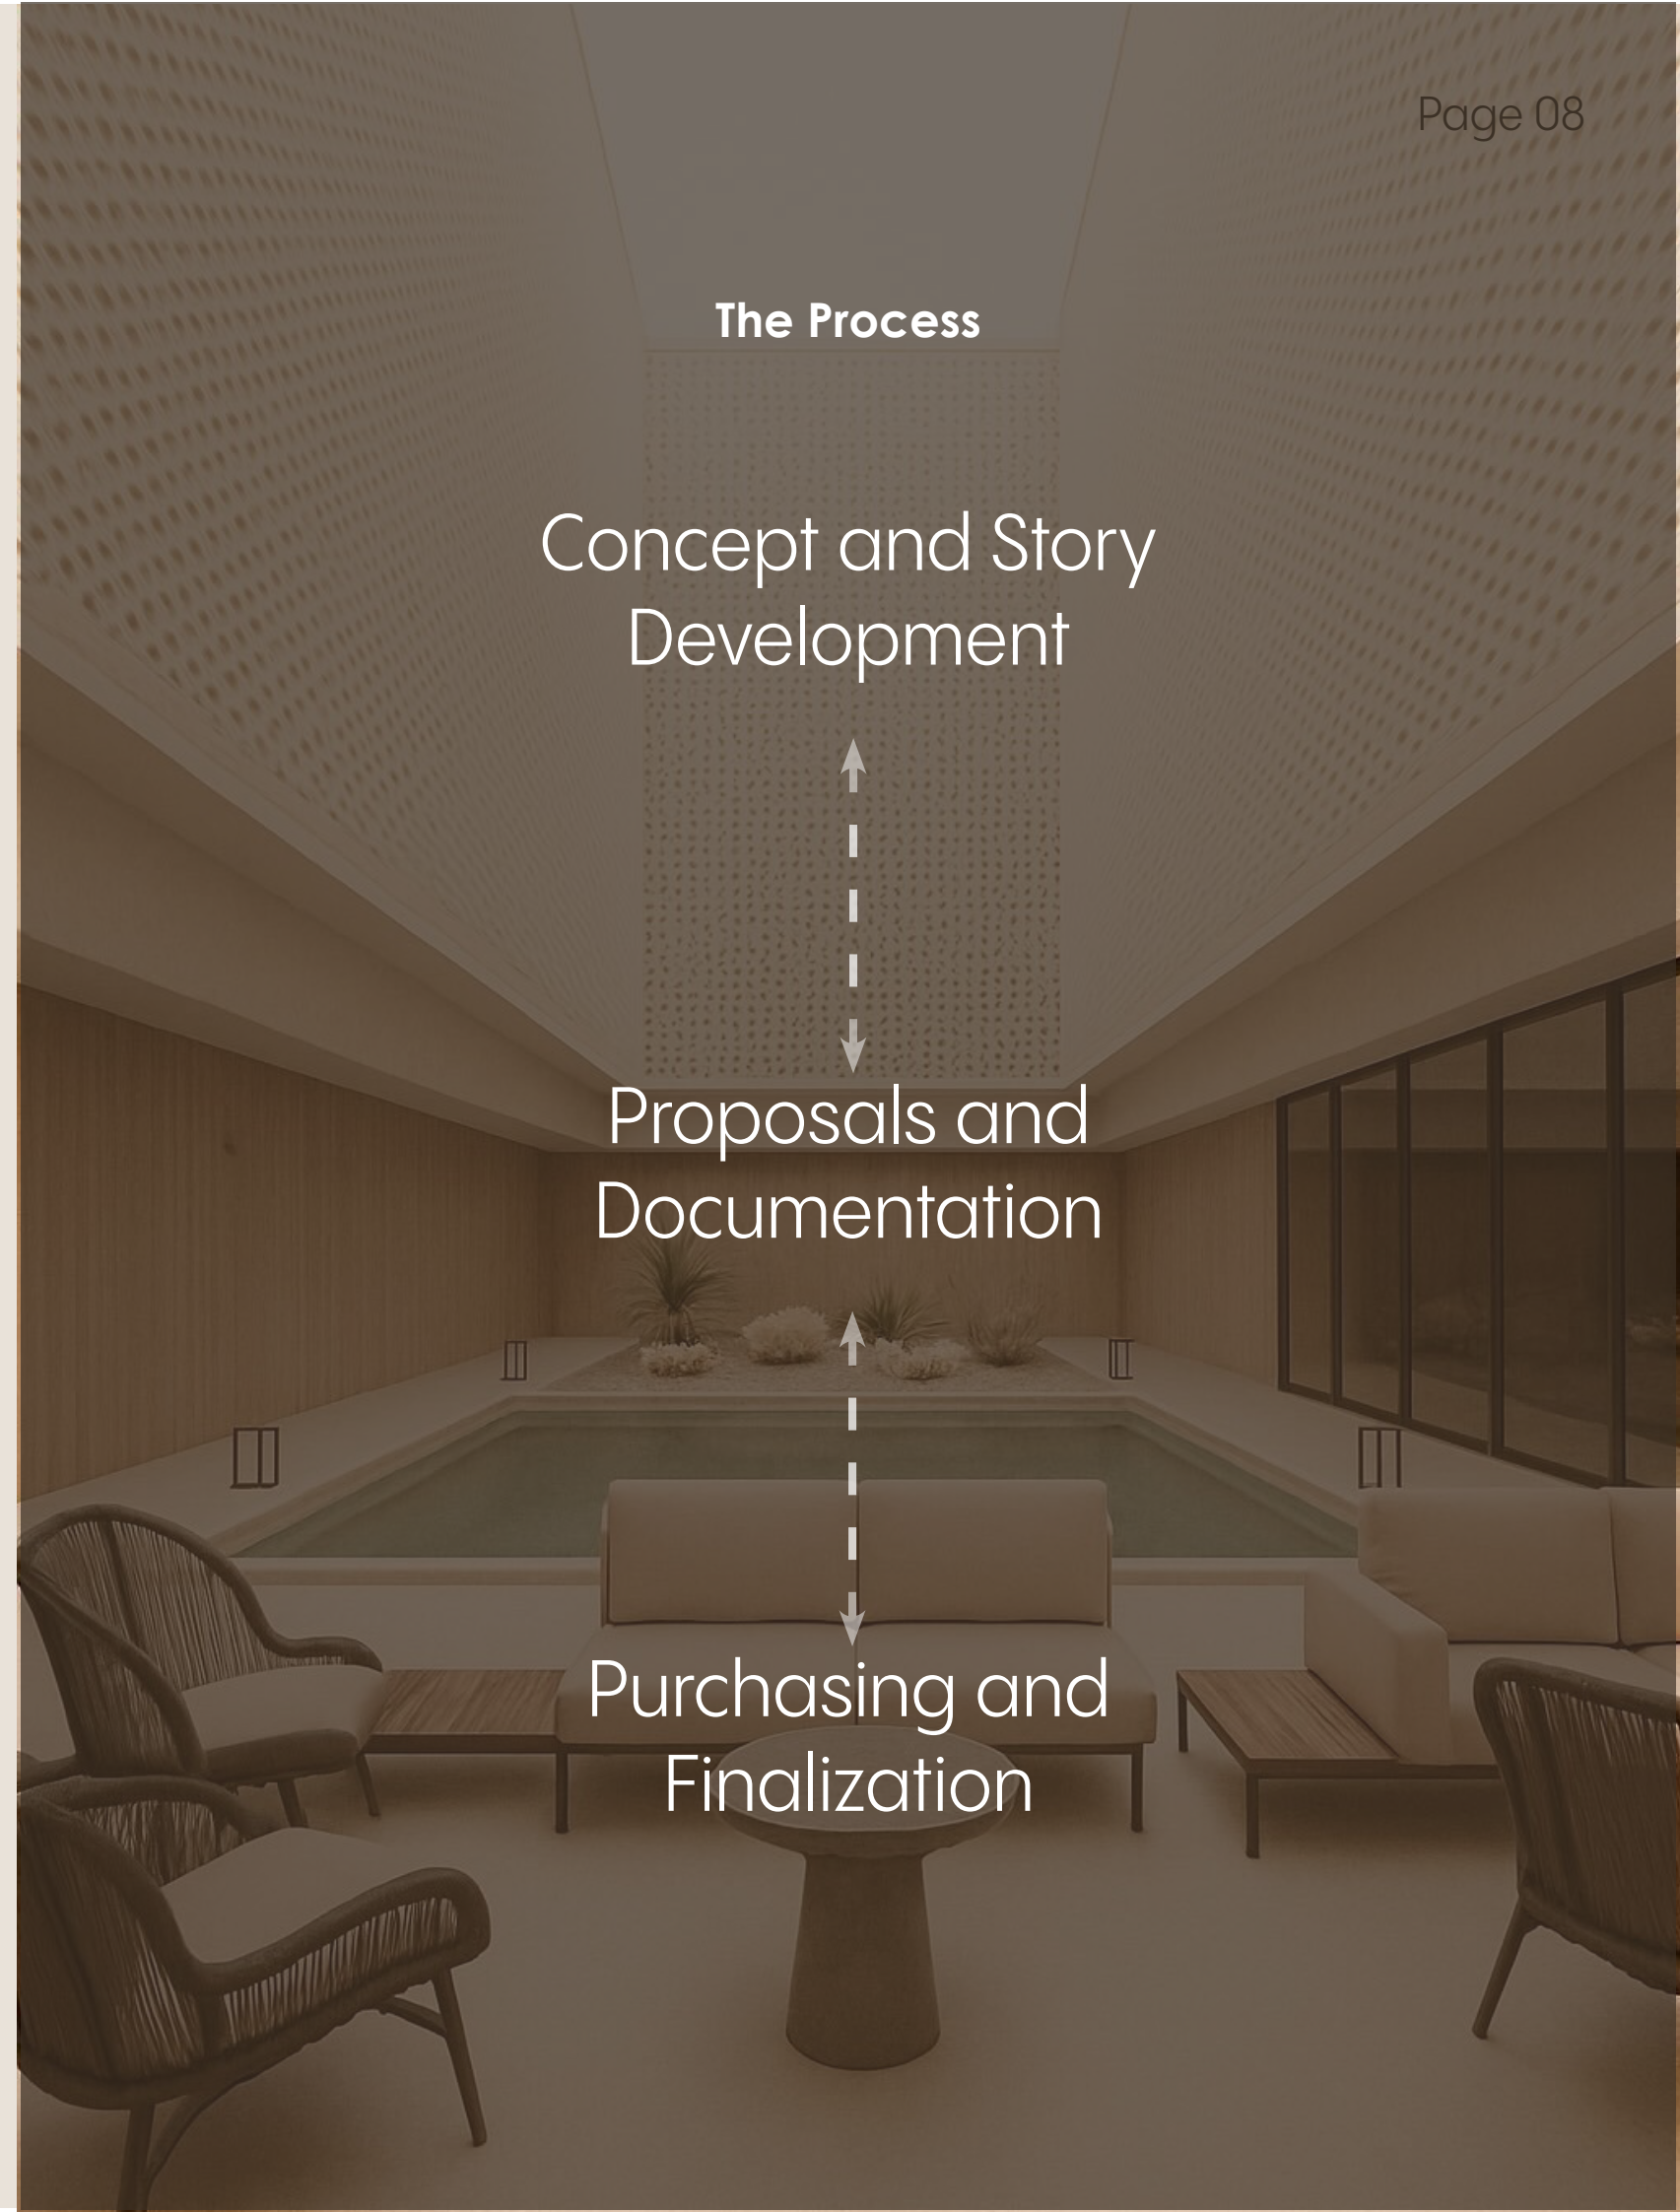

Our Philosophy Approach to Design and Procurement

We understand that each project demands not only creative ingenuity but also a meticulous and strategic approach. By combining dual expertise in design and construction, we ensure that every detail, from conception to execution, is handled with precision and care. Functionality and Innovation committed to creativity, therefore we integrate innovative practices and useful space solutions into every project.

THE DESIGN AND PROCUREMENT PROCESS

Designing with Purpose and Story

We create spaces that are more than just beautiful—they tell a story. Every element is carefully chosen to serve a purpose, crafting meaningful experiences that elevate and inspire.
